Uso de los Recursos Suministrados

El cliente acepta que el ancho de banda y el uso del espacio de almacenamiento en disco no deben exceder el número de megabytes mensuales convenido en las medidas estipuladas en éste contrato en el momento de su aceptación (u otras medidas de servicios en la forma de gigabytes, terabytes, etc.). Javacol monitoreará el ancho de banda y espacio en disco del cliente. El Cliente acepta que el ancho de banda suministrado representa la suma del ancho de banda utilizado de entrada más el de salida. Una vez el plan alcanza el ancho de banda suministrado, el plan será suspendido automáticamente hasta el siguiente mes/calendario, o hasta que solicite más ancho de banda. Los cálculos de ancho de banda se actualizan diariamente, y por lo tanto no se muestran en tiempo real. Por esa razón el cliente acepta que le serán cobrados \$20.000 Pesos colombianos por cada gigabyte de ancho de banda en exceso del uso convenido en éste contrato. Javacol tiene

el derecho de tomar acciones correctivas si el cliente excede el espacio de almacenamiento convenido en éste contrato, incluyendo pero no limitándolo al borrado de todos los archivos, la terminación de éste contrato o la suspensión de los servicios. Dichas acciones pueden ser tomadas por la sola y absoluta discreción de Javacol.

Uso de los Recursos de Servidor

Para preservar la integridad de los servicios de Javacol, y proveer a nuestros clientes con la garantía de disponibilidad del servidor el 99.9% del tiempo, Javacol debe regular el uso de los recursos de servidor de sus usuarios. Javacol debe definir “el uso excesivo de recursos del servidor” como el uso de un recurso de servidor en una manera que notablemente disminuya la calidad del servicio. El cliente acepta la responsabilidad de hacer uso razonable de los recursos del servidor. Cualquier violación de ésta política resultara en la cancelación inmediata de la cuenta y la imposición de una multa administrativa de \$100.000 pesos colombianos. Javacol no le condonará al cliente ninguna deuda o cargo adquirido antes que se realice dicha cancelación; adicionalmente, el cliente está obligado a pagar el 100% de los cargos por todos los servicios por cada mes que falte para terminar el tiempo del contrato. Javacol se reserva el derecho de determinar, en su sola y absoluta discreción, que hechos constituyen una violación de ésta cláusula.

Política de Envío de Mail Masivo

Cada plan de hosting está limitado al envío de 200 mail por período de 60 minutos. La primera violación de ésta política causará una multa de \$50.000 pesos y la suspensión inmediata de la cuenta. Para reactivarla, el cliente debe proveer una carta firmada diciendo que “He leído y entendido, y acepto la política de Envío de Mail Masivo”. Cualquier violación subsiguiente de ésta política resultará en la cancelación inmediata de la cuenta y la imposición de una multa administrativa de \$200.000 pesos colombianos. Javacol no le condonará al cliente ninguna deuda o cargo adquirido antes que se realice dicha cancelación; adicionalmente, el cliente está obligado a pagar el 100% de los cargos por todos los servicios por cada mes que falte para terminar el tiempo del contrato. Javacol se reserva el derecho de determinar, en su sola y absoluta discreción, que hechos constituyen una violación de ésta cláusula.

Javacol se reserva el derecho de determinar, en su sola y absoluta discreción, que hechos constituyen una violación de ésta cláusula.

IP en Lista Negra

En el caso que cualquier acción realizada desde una cuenta de hosting afecte la reputación de una o más de la IPs de Javacol, el cliente deberá cancelar el valor mínimo de \$50.000 por una o dos listas negras y \$25.000 adicionales por cada lista negra adicional. Javacol, tomará las acciones necesarias para que en el menor tiempo posible la o las IPs tengan la reputación adecuada, el no pago generado por la anterior acción dará como resultado la suspensión de la cuenta de hosting. Javacol no le condonará al cliente ninguna deuda o cargo adquirido antes que se realice dicha cancelación; adicionalmente, el cliente está obligado a pagar el 100% de los cargos por todos los servicios por cada mes que falte para terminar el tiempo del contrato. Javacol se reserva el derecho de determinar, en su sola y absoluta discreción, que hechos constituyen una violación de ésta cláusula.

Facturación y Pagos

En consideración a los servicios provistos por Javacol para usted, usted debe pagar el valor de los servicios de su(s) Plan(es). Javacol en el momento sólo ofrece planes a término anual. Todos los planes son prepagados y **NO** se renuevan automáticamente, sino hasta que el cliente contrate y pague el siguiente término de servicio. Javacol hará lo posible por comunicarse con el cliente indicando el próximo término del contrato, pero el cliente es totalmente responsable por realizar su pago a tiempo. Javacol no se responsabiliza por la pérdida de nombres de dominio que no hayan sido renovados a tiempo, o la no disponibilidad del sitio por suspensión y las consecuencias que esto pueda originar por no renovar el servicio de hosting y/o nombre de dominio a tiempo.

Garantía del Nivel de Servicio

Javacol garantiza la disponibilidad del servicio el 99.9% del tiempo. Si usted no obtiene la disponibilidad del 99.9% del tiempo, Javacol le otorgará un crédito a su favor del 50% del costo de renovación para el siguiente término. Dicho crédito no aplica para la renovación del servicio de registro de nombre de dominio, ya que éste servicio se provee a través de un tercero. El crédito solo se otorgará si usted demuestra que el sitio no estuvo disponible tras la comprobación del servicio de monitoreo hecho por un tercero reconocido y de reputación por la industria como lo es Alertra.com. Esta garantía no aplica en un caso o evento de fuerza mayor como se explica a continuación, periodos de mantenimiento programados, inhabilidad de acceder aplicaciones o scripts que corran en el servidor, o si la cuenta del cliente está suspendida o terminada en el momento de no disponibilidad.

Conocimiento y Experiencia

El uso de el(los) Plan(es) requiere una buena cantidad de conocimientos en lenguajes de programación, protocolos y software, así como diversa información técnica. Al comprar su(s) Plan(es), Javacol asume que usted o su representante “webmaster” tiene el conocimiento necesario para mantener / administrar su sitio Web. Javacol no asesorará, enseñará, suplirá o proveerá dicho conocimiento más allá del soporte técnico dentro del pertinente a su(s) plan(es).

Propiedad del Sitio Web

Usted debe desarrollar, planear y crear la fuente y el objeto del código con el propósito de crear un sitio Web operacional (llamado colectivamente el “Sitio Web”). El Sitio Web es propiedad exclusiva de usted o sus agentes. En el evento en que se origine una disputa sobre la propiedad del Sitio Web, y/o el Plan establecido con Javacol, usted acepta someterse a todas y cada una de las medidas de seguridad establecidas por Javacol.

Propiedad de la Dirección del Protocolo de Internet (IP)

Javacol mantendrá el control de propiedad de todos los números y direcciones que Javacol le pueda haber asignado al Cliente, y Javacol se reserva el derecho de cambiar o quitar cualquiera o todas esos números o direcciones IP, a nuestra única y absoluta discreción.

Dominios provistos por Javacol (Opcional)

Javacol provee a sus clientes del uso de uno o varios nombres de dominio para operar en la red pública Internet por el término de un año y de manera simultánea con el servicio de hosting sólo si el cliente contrata ése servicio. Dado que Javacol contrata el registro de nombres de dominios a través de un tercero pues no está acreditado para registrar dominios directamente ante la corporación ICANN, nos reservamos la propiedad y administración del nombre de dominio para ser usado sólo con el plan de hosting contratado por el cliente por el término del contrato. Si usted decide que quiere transferir el nombre de dominio a otro proveedor, Javacol lo reconocerá a usted como el nuevo propietario y administrador del nombre de dominio y realizará la gestión necesaria para facilitar dicha transferencia. Usted acepta que las transferencias de nombre de dominio se deben iniciar con un mes de anticipación antes que el registro del nombre expire, y usted las debe solicitar explícitamente ante Javacol S.A.S. a través de una carta firmada o correo electrónico a su nombre desde la dirección de correo electrónico con la que se registró ante Javacol S.A.S. También deberá avisar a su nuevo proveedor con la misma anticipación, ya que éste trámite puede requerir

de ése tiempo para completarse. Usted acepta que una vez pasado el tiempo de antelación o vencido el nombre del dominio, el registro no podrá ser transferido a otro proveedor sin antes ser renovado con Javacol a través de su proveedor de nombres de dominio. Usted reconoce que Javacol no tiene ninguna responsabilidad sobre el nombre del dominio si éste no es renovado antes de su expiración, ni de los daños financieros o de cualquier índole que la no renovación pueda causar. Usted además entiende que el proveedor de nombres de dominio decidirá que hacer con los nombres de dominio expirados en su absoluta discreción y que Javacol no podrá interceder por usted si el dominio no es renovado o transferido a tiempo. La ICANN establece que no se puede realizar una transferencia de dominio antes de 60 días desde que se efectuó el registro del mismo.

Conforme a lo estipulado por la ICANN (Internet Corporation For Assigned Name and Numbers), Javacol S.A.S. como proveedor de nombres de dominios está en la obligación de notificar vía e-mail sobre la expiración de los nombres de dominio generando máximo tres (3) comunicados, treinta (30) días y siete (7) previos a la expiración del dominio, y un tercer correo en una fecha posterior a la expiración del dominio. Javacol S.A.S., en su labor comercial, refuerza los recordatorios de renovación enviando e-mails adicionales al correo electrónico de contacto informado por el cliente al momento de realizar su registro voluntario en el sitio web www.javacol.com, éstos son generados en diferentes fechas antes y después de la expiración del dominio (día 60, 30, 15, 7 y 1 antes de la expiración y los días 1, 3 y 5 una vez expirado).

Los precios de registro, renovación y transferencia de dominios se encuentran sujetos a cambio sin previo aviso por parte de Javacol S.A.S., cambios que se publicaran en el sitio web www.javacol.com y en cada una de las notificaciones enviadas al cliente informando su expiración

Dicho acuerdo, sólo afecta a los nombres de dominio de primer nivel genéricos (gTLD: .COM, .NET, .ORG, .BIZ, .INFO, etc

Servicio de Información Pública “WHOIS” (Opcional)

El servicio de información de nombres de dominio “whois” mantiene una base de consulta pública con los datos de contacto de la organización, el administrador, el soporte técnico y la persona o compañía que paga por el registro de dominio. Al registrar el dominio a través de nuestros proveedores, todos los datos de contacto públicos quedan automáticamente registrados según la orden de servicio realizada por el cliente a través en nuestro sitio web al momento de adquirir el servicio con Javacol SAS. Javacol SAS sugiere activar el servicio llamado ID Protection para que sus datos queden protegidos y terceros no tengan acceso a éstos.

El cliente puede solicitar por escrito que los datos del dominio sean los de Javacol SAS, para tal fin Javacol reconoce en buena fe que usted es el beneficiario de dicho dominio, y lo respeta en cumplimiento con las normas establecidas por ICANN para disputas de nombres de dominio (ver <http://www.icann.org>). Como reconocimiento del uso del dominio para su beneficio, Javacol cambiará la información de la organización que lo usa por el suyo o el de su compañía, sólo si usted lo solicita por escrito a nuestro departamento de soporte técnico y sólo desde la dirección de correo electrónico con la que se registró en el momento de contratar nuestro servicio.

A "Defensive Registration" is a registration granted to a third party of a specific string on the second or third level, or of a specific set of strings on the second and third levels, which will not resolve within the domain name system but may prevent the registration of the same string(s) on the same level(s) by other third party applicants.

2. PHASES OF DEFENSIVE REGISTRATIONS

(1) As a Defensive Registration Registrant ("Defensive Registrant"), you hereby certify to the best of your knowledge that for Phase I Defensive Registrations ("Phase I Defensive Registrants"), you own valid and enforceable trademark or service mark registrations having national effect that issued prior to April 16, 2001 for strings that are identical to the textual or word elements, using ASCII characters only, subject to the same character and formatting restrictions as apply to all registrations in the Registry TLD. You understand that trademark or service mark registrations from the supplemental or equivalent Registry of any country, or from individual states or provinces of a nation, will not be accepted. Subject to the same character and formatting restrictions as apply to all registrations in the Registry TLD, if a trademark or service mark registration incorporates design elements, the ASCII character portion of that mark may qualify to be a Phase I Defensive Registration.

You must provide contact information, including name, email address, postal address and telephone number, for use in disputes relating to the Defensive Registration. You understand and agree that this contact

information will be provided as part of the Whois record for the Defensive Registration. You further understand that the foregoing registration data may be transferred outside of the European Community, such as to the United States, and you expressly consent to such export.

In addition to the information provided in subsection 1. above, Phase I Defensive Registrants must also provide:

- (1) the name, in ASCII characters, of the trademark or service mark being registered;

- (2) if the Defensive Registration is successfully challenged pursuant to the ERDRP, the Defensive Registrant will pay the challenge fees; and
- (3) if a challenge is successful, then the Defensive Registration will be subject to the procedures described in Section 2(h) of Appendix L to the agreement of Global Name Registry ("Registry Operator") with the Internet Corporation for Assigned Names and Numbers ("ICANN"), available at <http://www.icann.org/tlds/agreements/name/registry-agmt-appl-03jul01.htm>;
- (4) if a Phase I Defensive Registration is successfully challenged on the basis that it did not meet the applicable Eligibility Requirements, the Defensive Registrant will thereafter be required to demonstrate, at its expense, that it meets the Eligibility Requirements for Phase I Defensive Registrations for all other Phase I Defensive Registrations that it registered within .NAME through any Registrar. In the event that the Defensive Registrant is unable to demonstrate the foregoing with respect to any such Phase I Defensive Registration(s), those Defensive Registration(s) will be cancelled;
- (5) The ERDRP applies to, among other things, challenges to Defensive Registrations within .NAME and is available at <http://www.icann.org/tlds/agreements/name/registry-agmt-appm-03jul01.htm>.

5. CONSENT

Defensive Registrants may be asked to give their consent to allow individuals to share a part of their space. For example, if you have filed a Defensive Registration on PQR (which blocks out ANYSTRING.PQR.name and PQR.ANYSTRING.name), you may be asked to give consent to John Pqr to register JOHN.PQR.name if he can prove that PQR is his name.
